

Master's Program

Dependency and Slavery Studies

Module Descriptions

Summer Semester 2023

Date: February 2023

Bonn Center for Dependency and Slavery Studies

COMPULSORY MODULES4
Phenomena of Slavery and Other Forms of Strong Asymmetrical Dependency
Slavery and Other Forms of Strong Asymmetrical Dependency: Methodological Approaches
Slavery and Other Forms of Strong Asymmetrical Dependency and Slavery: Theoretical Approaches
Dependency and Slavery: Case Studies I 11
Dependency and Slavery in Transcultural Comparison13
Research Problems and Debates in Dependency and Slavery Studies Today
Dependency and Slavery: Case Studies II16
Master's thesis
COMPULSORY ELECTIVE MODULES
Specialization I
Slavery and Other Forms of Strong Asymmetrical Dependency in Societies Today
Specialization II
Introduction to Digital Humanities
Internship27

	MA "Dependency and Slavery Studies" (Two-Year Program, 120 ECTS)											
1 st semester	Phenomena of Slavery and Other Forms of Strong Asymmetrical Dependency (10 ECTS)	Slavery and Other Forms of Strong Asymmetrical Dependency: Methodological Approaches (10 ECTS)	Slavery and Other Forms of Strong Asymmetrical Dependency: Theoretical Approaches (10 ECTS)									
2 nd semester	Dependency and Slavery: Case Studies I (10 ECTS)	Dependency and Slavery in Transcultural Comparison (10 ECTS)	Compulsory Elective Modules I (10 ECTS)									
3 rd semester	Research Problems and Debates in Dependency and Slavery Studies Today (10 ECTS)	Dependency and Slavery: Case Studies II (10 ECTS)	Compulsory Elective Modules II (10 ECTS)									
4 th semester		Master's Thesis (30 ECTS)										

Compulsory Modules

Phenomena of Slavery and Other Forms of Strong Asymmetrical Dependency UNIVERSITÄT BONN Adule ID/Code: 70100000 . Content and intended learning outcomes UNIVERSITÄT BONN ontent The degree program will introduce students to a range of forms of dependency and slavery, providing an introduction to essential scholarship on slavery and the emerging canon on other forms of strong asymmetrical dependency. Students will learn and practice presentation techniques and academic writing skills in English. earning outcomes aims and objectives; key kills) Students will acquire - a deeper level of knowledge of and reflection on forms of dependency and slavery at different times and in different geographical areas and cultures, - the ability to identify essential scholarship on slavery and strong asymmetrical dependency, - skills to engage with secondary literature. Students will gain the ability to understand and categorise forms of dependency and to reflect on temporal and cultural specificities and differences between forms of dependency. - They will also acquire presentation techniques and academic writing skills in English. Module Title:

Dependency and Slavery: Case Studies I Module ID/Code:

570100300				UNIVE						
1. Content and intended	d learning ou	Itcomes		•						
Content	The degree program will introduce students to dependency and slavery within concrete contexts based on a variety of source materials, and guide them in applying newly-acquired theories and methods to selected case studies. As part of the degree program, students will acquire experience in the planning and design of research projects and expand their linguistic knowledge by reading source texts in small supervised groups.									
Learning outcomes (aims and objectives; key skills)	 knowledge and slavery t the ability t sciences, soc the ability t experience deeper knowledge Students wil 	 Students will acquire knowledge of concrete historical, geographical and cultural contexts of dependency and slavery through analysis of case studies, the ability to reflect about potential fields of research (textual studies, material sciences, social sciences) for later specialization, the ability to reflect about a range of source material. experience in the planning and design of research projects, deeper knowledge of the language of their respective sources. Students will gain the ability to analyze phenomena of dependency and slavery by								
		theories and methods lead ally and independently e			r. They will a	lso be

Module Title:

Specialization II

Module ID/Code: 570100900

1. Content and intended learning outcomes

Content	Deepening the knowledge of phenomena of dependency and slavery from textual					
	studies, material and social sciences perspectives, related to cultural particularities or					
	temporal specifics.					
Learning outcomes	Students will acquire					
(aims and objectives; key	- a deeper knowledge of concrete historical, geographical and cultural contexts of					
skills)	dependency and slavery through analysis of case studies,					
	- a deeper knowledge of methodological approaches in three areas: textual studies,					
	material sciences, social sciences.					
	- the ability to evaluate sources and data by applying appropriate methods					
2. Teaching and learnin	g methods					

Course Type of Language of Group Workloa Topic units per instruction d [h] instruction size week Seminar Phenomena of English 15 2 90 dependency and slavery from different perspectives and with different specifics Seminar Hands-on on sources English 1 80 and data sets 3. Prerequisites for the module compulsory none Module 1 Phenomena of Slavery and Other Forms of Strong Asymmetrical recommended Dependency

Dependency
Module 2 Slavery and Other Forms of Strong Asymmetrical Dependency:
Methodological Approaches
Madula 2 Slavery and Other Forms of Strong Asymmetrical Dependency and Slav

Module 3 Slavery and Other Forms of Strong Asymmetrical Dependency and Slavery: Theoretical Approaches
